Welcome to the EnergySmart Academy at Santa Fe Community College

The mission of the EnergySmart Academy (ESA) is to offer students high-quality, consistent energy efficiency and green jobs professional training throughout New Mexico and its surrounding states; reduce energy and water use, and greenhouse gas emissions; and engage with our community and the greater professional industry. With our state-of-the-art lab and nationally-recognized trainers, our training benefits industry professionals, residents and business owners in our state. We invite professionals to join the "New Green Jobs Economy." We train energy auditors, installers, inspectors, infrared thermographers, architects, contractors and other industry-related professionals.

The New Mexico EnergySmart Weatherization Program is administered by the New Mexico Mortgage Finance Authority (MFA). In 2010, SFCC was selected as the MFA's primary training provider for its weatherization contractors and given the opportunity to create the New Mexico EnergySmart Academy. The ESA initially was established to provide comprehensive training in all aspects of energy efficiency and residential weatherization to MFA contractors throughout the state of New Mexico and has since expanded to provide training across the country.

ESA was one of the first programs in the country to qualify as an "Accredited Training Program" by the Interstate Renewable Energy Council (IREC) for all four of its core training programs. This accreditation demonstrates our commitment to providing quality training to develop a competent workforce and increase professionalism in the weatherization industry. Implementing the processes to review our goals, evaluating the effectiveness of our program, collecting the information necessary to document our progress, and establishing effective procedures to train weatherization workers are key elements of our programs.

IREC accreditation also demonstrates our accountability to the SFCC Board of Directors, students, faculty, and industry stakeholders. Accreditation provides the mechanism for continuous improvement in the quality and effectiveness of our training program to meet the needs of the emerging energy-efficiency industry, both in New Mexico and nationally. For industry stakeholders and potential employers of our graduates, the credibility associated with accreditation adds to the growing reputation of SFCC and the ESA as a quality institution producing a well-trained workforce.

SFCC Student Records – Policy 2-12

Policy Overview

SFCC is committed to protecting the confidentiality of student records. It is equally important that students have access to their records and the ability to ensure they are accurate. This policy sets out: the right of students to access their records; a procedure for students to access their records and challenge records they believe are inaccurate; and the extent to which student records are confidential and the limits of releasing educational records to third parties.

This policy has been established to comply with The Family Educational Rights and Privacy Act (“FERPA”).

Policy Statement

Transfer of Rights from Parent to Student

Rights under FERPA are transferred from a parent to a student when the student reaches the age of 18 or attends a school beyond the high school level. Thus, student records may not be released to a parent but only to a student requesting their release except when a student is a dependent of the parent under the Internal Revenue Code. If a parent wants to review the record of a dependent student, they should provide a copy of their most recent tax return to the College. The College does not retain a copy of the tax return but reviews as evidence that the student is a dependent.

Publishing Information Relating to Educational Records

The College will publish information about this policy in the College catalog and in the student handbook. The College shall provide a copy of this entire policy to any student upon request.

Student Right to Review Records

Generally, students have the right to inspect and review their records. Under FERPA, "Educational Records" includes all documents, computer files and other materials that contain information directly related to a student that are created and maintained by SFCC. Educational Records include: admissions records; grades; attendance records; disciplinary records; copies of correspondence with parents and others concerned with the student; records transferred from other educational agencies or institutions in which students have been enrolled; information relating to the students' participation in special programs; records of tuition and fees paid and outstanding; financial aid records; job placement records; and academic awards or recognition by the College.

Educational Records also includes student records relating to an individual in attendance at the College who is also employed at the College.

Implementing Procedure

Additional information is available in the SFCC Catalog and online under Policy 2-12 through JACK (SFCC Portal)

Procedure to Review Records Grades

If a student wants to review a grade, they may request it from Registrar's Office. Students do not need to fill out a form to review their grades but must present their student identification card or other photo identification. Grades may also be accessed through a student's online account.

Other Educational Records

If a student wants to review any portion of their Educational Record other than a grade or tuition bill, they should submit a written request to Registrar's Office. Forms are provided for this purpose. If a particular record is requested and can be obtained immediately, a College employee will allow the student to review it. An employee must be present while the records are reviewed to explain the record and answer any questions the student has about the record. Records must be reviewed in an area that will protect the confidentiality of the records. No document may be removed from the file by the student but a copy will be provided upon request.

If a student requests an Educational Record and it is not immediately available, the Registrar's Office will provide the requested record to the student as soon as possible, but no later than 45 days.

Limitations on Reviewing Records

The right to review Educational Records does not extend to: notes and records concerning a student made by a faculty or staff member that are retained and used solely by that faculty or staff member (or their substitute); inspecting financial records of their parents that are maintained by the College; or records created by Campus Safety and Security for law enforcement purposes.

The College will not release information to a student when it is related to: a confidential recommendation that relates to admission to another educational institution; an application for employment; or information respecting an honor or honorary recognition provided that the student has signed a waiver stating he or she is not entitled to

access that information. The student is entitled to request and be notified of the name of the individual, the educational institution or other organization requesting the confidential recommendation in those circumstances.

If any educational record contains information about more than one student the student only has the right to review that portion that relates to them.

Confidentiality of Educational Records

Educational records are confidential and may not be released to anyone except the student without the prior written consent of the student except in limited circumstances contained in this policy or as required by law.

Posting of Grades

All graded papers and exams must be returned to students in a manner that allows the confidentiality of the student and their grade to be retained. Faculty must not post grades with any potentially personal identifiable information such as name, social security number or student identification number.

Access to Records by Others

The College will not provide access to or release educational information about a student to any individual, agency or organization without the prior written consent of the student except in certain, limited circumstances. The exceptions are: officials of other schools in which a student is seeking or intends to enroll; other officials, such as state and federal officials of educational and funding agencies and law enforcement agencies, who have the right to obtain copies of students' records, as provided by law; state and local authorities, within a juvenile justice system, who have the right to obtain copies of a student's records pursuant to state law; appropriate parties in connection with financial aid to a student; officials conducting studies for, or on behalf of, educational agencies for the purposes of auditing or evaluating educational programs (provided the study is conducted in a manner that does not permit disclosure of personally identifiable information to third parties and the personally identifiable information is destroyed when no longer needed for the study); accrediting organizations; parents of students who are dependent students under the Internal Revenue Code; to comply with a subpoena; appropriate officials in cases of emergencies when it is necessary to protect the health or safety of the student or other individuals; and college officials with a legitimate educational interest. A "College official" includes any employee, board member, or administrator of SFCC as well as any attorneys, consultants, and independent contractors retained by SFCC. "Legitimate educational interests" include: providing academic, employment or other advice to students; administering College programs; creating and maintaining student records; awarding and administering financial aid; assessing and collecting fees; enforcing student conduct and discipline; representing the College's legal interests in matters where a student record is relevant; and research related to the College's educational programs. If the College is required to release the Educational Record of a student it will indicate the individual, agency or organization which has requested the information and will specify the legitimate interest that the person or entity has in obtaining the information.

Maintaining Educational Records

The College will maintain electronically stored student files, transcripts, financial information, and grade reports according to a retention schedule established by the Registrar. The College may destroy educational or personal records of a student any time after five years after the last semester of attendance and in accordance with any record-retaining laws. The College shall not destroy any education records if a request is outstanding to inspect or review the records.

Corrective Action and Disciplinary Action

An employee who violates this policy may be subject to Corrective Action or Disciplinary Action up to, and including, termination. The discipline imposed will depend on the severity of the violation and the circumstances of the situation.

Social Security Numbers in Student Records

Social security numbers are collected from prospective and current students who wish to be employed on campus or apply for financial aid. Such students are required by law to provide their social security number for

administrative use. Further, the college is mandated by federal tax regulations to provide tuition and fee payment information to the student and the Internal Revenue Service, so that applicable educational tax credits may be computed. The social security number will be necessary to submit this tax reporting. The social security number is a confidential record and is maintained as such by the college in accordance with the Family Educational Rights and Privacy Act (FERPA).

Ethnicity and Race in Student Records

The college is required to report aggregated race and ethnic statistics on students and employees to the Federal Department of Education on an annual basis for research purposes. This data also assists the college in applying for federal and state grants and financial aid funding for students.

SFCC Student Sexual Harassment Policy 2-22

Policy Overview

It is the policy of Santa Fe Community College to maintain a community in which students, faculty, staff and administration are free to work, study and reside without being subjected to sexual harassment. Such behavior subverts the mission of all involved. Sexual harassment is a form of discrimination on the basis of sex and is, therefore, prohibited on campus and in programs and activities sponsored by the College. This policy extends not only to students, but also to applicants for admission to the College. Sexual harassment constitutes an unacceptable and punishable offense at the College.

Scope and Applicability

This policy applies to all College students. Related College policies include 4-7: SFCC Faculty Student Relationships Policy and Policy 2-23: SFCC Student Discrimination and Harassment Policy.

Definitions

Sexual harassment may take many forms, including unwelcome conduct of a sexual nature and conduct that is not necessarily sexual in nature, but which is unwelcome and directed at a person because of his or her gender. A. Sexual harassment involving unwelcome conduct of a sexual nature can include unwelcome sexual advances, requests for sexual favors or other verbal, non-verbal or physical conduct of a sexual nature when: Submission to such conduct is made either explicitly or implicitly a term or condition of participation in a program or activity at the College;

Submission or rejection of such conduct by a student is used as the basis for academic decisions affecting the student; or such conduct is so severe or pervasive that it affects a student's ability to participate in or benefit from an education program or activity or creates an intimidating, threatening or abusive educational environment. Sexual harassment is distinguished from voluntary sexual relationships when the conduct directed towards the student is unwelcome. Conduct of a sexual nature is unwelcome when the student did not request or invite the conduct and views the conduct as offensive and undesirable. Conduct of a sexual nature can include, but is not limited to: Verbal, non-verbal or physical sexual advances; Pressure for sexual favors; Touching of a sexual nature; Sexual assault; Sexual gestures; Sexual or "dirty" jokes; Offensive personal jokes and comments of a sexual nature; Displaying or distributing sexually explicit drawings, pictures and written materials. B. Sexual harassment can also involve acts of verbal, non-verbal or physical aggression, intimidation or hostility based on sex or sex-stereotyping, but not involving conduct of a sexual nature, when such conduct is so severe or pervasive that it affects a student's ability to participate in or benefit from an education program or activity or creates an intimidating, threatening or abusive educational environment. Such conduct can include, but is not limited to: Offensive jokes or comments, not necessarily sexual in nature, but directed at a person because of his or her gender; Sabotaging the laboratory experiments of certain students based on the students' gender. Sexual harassment against a student or applicant for admission can involve any member of the College community, including faculty, staff, another student, or a guest speaker, visiting student or contractor.

Reporting Sexual Harassment

If a student believes that he or she is being subjected to sexual harassment, or believes that another student or applicant for admission is being subjected to sexual harassment, he or she should notify the Affirmative Action/Equal Employment Opportunity Officer, the Human Resource Director, a Dean, a Department Chair, a Student Advisor or Campus Security. If a student is not certain whether sexual harassment is taking place, he or she should report his or her concerns. The Affirmative Action/Equal Employment Opportunity Officer (“AA/EEO Officer”) has been designated responsibility for coordinating the College’s efforts to comply with and carry out its responsibilities under applicable laws prohibiting discrimination and harassment, including Title IX of the Educational Amendments of 1972. The current AA/EEO Officer for students is: Vice President for Student Success, 6401 Richards Avenue, Santa Fe, New Mexico, 87508.

Time Frame for Reporting Sexual Harassment

In order to allow for a prompt and timely investigation, a student’s report should be made as soon as possible, but no later than 90 days following the latest alleged incident of sexual harassment. Even if this time frame has passed, the College encourages the reporting of sexual harassment. This time frame may be waived by the AA/EEO Officer for good cause.

Retaliation Prohibited

Retaliation against a student or applicant for admission who makes a complaint of sexual harassment or reports that another student or applicant for admission is being sexually harassed or who cooperates in an investigation of a complaint of sexual harassment is prohibited. If a student believes he or she has been retaliated against or that someone else has been retaliated against for reporting sexual harassment, he or she should follow the same reporting requirements for reporting incidents of sexual harassment set forth above.

Investigation and Resolution of Reports of Sexual Harassment

The investigation and resolution of reports of sexual harassment will be handled pursuant to this policy and any relevant disciplinary policy (for example, the Student Corrective Action and Disciplinary Action Policy or the Employee Corrective Action and Disciplinary Action Policy). The College reserves the right to investigate any reports of sexual harassment, as the College deems appropriate, whether or not the student involved participates in the investigation. Appropriate disciplinary action will be taken against any student or employee, including staff member, faculty member or administrator, who is found to have engaged in sexual harassment or retaliation. The College will also take appropriate action, to the extent possible, against non-employees, such as contractors and guest lecturers, who are found to have engaged in sexual harassment or retaliation.

- G. Title IX of the Education Amendments of 1972 (Title IX) is a federal civil rights law that prohibits discrimination on the basis of sex (including gender, sex stereotyping, and gender identity) in federally funded education programs and activities. Sexual harassment, which includes acts of sexual violence and sexual misconduct, is a form of sex discrimination prohibited by Title IX. This SFCC policy on Sexual Violence which includes acts of sexual violence and sexual misconduct applies to any allegation of sexual violence or misconduct made by or against a student, or a staff or faculty member, regardless of where the alleged sexual violence or misconduct occurred. If the circumstances giving rise to the complaint are related to SFCC's programs or activities, this policy may apply regardless of the affiliation of the parties involved.
- H. Sexual violence and misconduct could be committed by anyone, including a stranger, an acquaintance, a friend, or someone with whom the victim is involved in an intimate or sexual relationship. Individuals who have experienced sexual violence or misconduct are encouraged to report what happened to law enforcement and to seek assistance from any of the campus resource offices or community resources listed below in this policy.

Campus Safety and Security shall determine and initiate any appropriate action that should be taken in response to receipt of the order.
- L. False Reports: Any individual who intentionally files a false report shall be subject to disciplinary action that may include dismissal, expulsion, and/or legal action.
- M. Prevention Programming
 - 1. It is the policy of SFCC to offer programming each year to prevent domestic violence, dating violence, sexual assault (including stranger and known offender assaults), and stalking. Educational programs are offered to raise awareness for all incoming students. These programs are conducted during new student orientation and throughout an incoming student's first semester. These programs and others offered throughout the year include strong messages regarding not just awareness, but also primary prevention that explains and illustrates healthy relationship and dating behavior, as well as awareness of surroundings. Included in the programs are intervention strategies which provide instruction on safety measures during the intervention and encourages students to be not bystanders but stakeholders in the safety of the community. SFCC student policies on sexual misconduct are reviewed during New Student Orientation and are included in the Student Handbook.
 - 2. Bystander engagement is encouraged through safe and positive intervention techniques and by empowering third-party intervention and prevention such as calling for help, using intervention-based smart phone apps, identifying allies, and/or creating distractions. Bystander empowerment training highlights the need for those who intervene to insure their own safety in the intervention techniques they choose, and motivates them to intervene as stakeholders in the safety of the community when others might choose to be bystanders.
 - 3. Programs also offer information on risk reduction that strives to empower victims, how to recognize warning signals and how to avoid potential attacks, and do so without victim-blaming approaches. Throughout the year, ongoing awareness and prevention campaigns are directed to students, often taking the form of campaigns, emails, guest speakers and events.
 - 4. In the event that sexual misconduct, gender-based violence or the crimes of sexual assault, stalking, dating/relationship violence, or domestic violence do occur, SFCC takes the matter very seriously. SFCC employs interim protective measures such as interim suspension and/or no contact orders in any case where a student's behavior represents a risk of violence, threat, pattern or preying.

Definitions

1. **Campus Violence.** Threatening and/or violent behavior that can include but is not limited to:
 - a. Physically assaulting an individual, by slapping, hitting, punching, pushing, poking or kicking; or physical and verbal threats to inflict physical harm;
 - b. Arson, sabotage, equipment vandalism, damaging or destroying property, throwing or hitting objects;
 - c. Displaying a weapon or an object which appears to be a weapon in a threatening manner; carrying a firearm of any kind onto SFCC owned or controlled property; or using a weapon to harm someone (Please refer to Policy 5-6 Firearms Control on Campus and Policy 5-7 Weapons Possession on Campus);
 - d. Intimidating or threatening gestures, bullying or hazing;
 - e. Intimidating, threatening, hostile or abusive language directed toward another person that communicates the intention to engage in violence against that individual and leads a reasonable individual to expect that violent behavior may occur;
 - f. Stalking another individual.
2. **Consent:** An affirmative, unambiguous, and conscious decision by each participant to engage in mutually agreed upon sexual activity.

- a. Consent is *voluntary*. It must be given without coercion, force, threats, or intimidation. Consent means positive cooperation in the act or expression of intent to engage in the act pursuant to an exercise of free will.
 - b. Consent is *revocable*. Consent to some form of sexual activity does not imply consent to other forms of sexual activity. Consent to sexual activity on one occasion is not consent to engage in sexual activity on another occasion. A current or previous dating or sexual relationship, by itself, is not sufficient to constitute consent. Even in the context of a relationship, there must be mutual consent to engage in sexual activity. Consent must be ongoing throughout a sexual encounter and can be revoked at any time. Once consent is withdrawn, the sexual activity must stop immediately. Consent can be withdrawn by verbal or electronic means such as by telephone, texting, social media or email.
 - c. Consent cannot be given when a person is *incapacitated*. A person cannot consent if s/he is unconscious or coming in and out of consciousness. A person cannot consent if s/he is under the threat of violence, bodily injury or other forms of coercion. A person cannot consent if his/her understanding of the act is affected by a physical or mental impairment, including impairment caused by the consumption of drugs or alcohol, or a disability.¹
3. **Course of conduct** means two or more acts, including but not limited to, acts in which the stalker directly, indirectly or through third parties, by an action, method, electronic device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property.
 4. **Dating violence.** Sexual or physical abuse or the threat of such abuse excluding acts covered under the definition of Domestic Violence. This type of violence is committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim which is determined by the reporting party's statement, length and type of relationship and the frequency of interaction between the persons in the relationship.
 5. **Domestic violence.** Felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of victim, a person with whom the victim shares a child in common, a person who is cohabitating with, or has cohabitated with, the victim as a:
 - a. Spouse
 - b. Intimate partner
 - c. Person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred;
 - d. Another person who is an adult or youth victim who is protected from that person's act under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.
 6. **Hate crime.** A crime that manifests evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. For the purposes of this section, the categories of bias include the victim's actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability.
 7. **Non-confidential SFCC entity** is any employee who is not one of those listed in Policy Statement F or a member of the counseling staff.
 8. **Non-consensual oral sex.** Non-consensual contact between one person's mouth and the genitals or anus of another person.
 9. **Rape/Sexual Assault.** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

¹ SFCC has developed this definition of "consent" for use in this Policy and Policy 2-28. The Violence Against Women Reauthorization Act amendments to the Jeanne Clery Act provide that consent be defined as it is defined in this jurisdiction. New Mexico law, however, does not define "consent" in a way that is helpful to this policy or the SFCC community. Rather, in New Mexico, the absence of consent is not an element of the crime of criminal sexual penetration. What this means is that a prosecutor does not have to prove beyond a reasonable doubt that sexual intercourse took place without the victim's consent in order to convict the defendant of criminal sexual penetration. A defendant can, however, claim as a defense to a charge of criminal sexual penetration that the accuser consented to the sexual act. Consent may be used to negate the element that "force or coercion" was used by the accused.

10. **Responsible parties.** Any person who has significant obligation for student and any campus activity including but not limited to student and employee discipline and in identifying and reporting violations of policy on campus. To include but not limited to:
 - a. Campus Safety and Security
 - b. Non-security personnel responsible for monitoring College property
 - c. People/offices designated under College policy as those to whom/which violations should be reported
11. **Reasonable person** means a reasonable person under similar circumstances and with similar identities to the victim.
12. **Sexual contact/battery.** Non-consensual touching, kissing, or fondling of another person in a sexual way, whether the person is clothed or unclothed; or forcing someone to touch another in a sexual way.
13. **Sexual exploitation.** Taking sexual advantage of another person without consent, including, without limitation, indecent exposure; voyeurism; non-consensual recording, photographing, or transmitting identifiable images of private sexual activity and/or the intimate parts of another person; and/or allowing third parties to observe private sexual acts.
14. **Sexual harassment.** A form of sex discrimination, is defined as unwelcome conduct of a sexual nature. Sexual harassment can include unwelcome sexual advances, request for sexual favors and other verbal, non-verbal, or physical conduct of a sexual nature. There are two typical types of sexual harassment: “quid pro quo” and “hostile work environment.” Policy 2-22 Sexual Harassment describes the College’s prohibition of all forms of sexual harassment.
15. **Sexual misconduct.** Includes inappropriate sexual advances, requests for sexual favors, or verbal or physical conduct of a sexual nature. Sexual misconduct includes non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, interpersonal relationship violence, sex/gender-based stalking and sexual harassment. While SFCC’s standards and definitions may differ from the New Mexico Code, sexual misconduct often overlaps with crimes of rape, sexual assault, sexual harassment, stalking, dating/ relationship violence and domestic violence and by electronic means such as by social media applications, telephone, email, and texting commonly referred to as “sexting,” “cyberstalking,” and “cyberbullying.” (See Policy 2-22 Student Sexual Harassment.)
16. **Sexual violence.** Refers to physical sexual acts perpetrated with force or coercion against a person’s will; or where a person has not given consent as defined in this policy or is unable to consent due to his or her use of alcohol or drugs, or disability, or age. Examples include, but are not limited to:
 - a. Rape/sexual assault
 - b. Non-consensual oral sex
 - c. Sexual contact/battery
 - d. Sexual exploitation
 - e. Domestic violence
 - f. Domestic abuse
 - g. Dating violence
 - h. Stalking
 - i. Sexual harassment
17. **Stalking.** Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person’s safety or the safety of others or suffer substantial emotional distress. Stalking can also be conducted through electronic means by social media applications, telephone, email, texting, or what is commonly referred to as “sexting” or “cyberstalking.”
18. **Substantial emotional distress** means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.
19. **Threatening behavior.** Any behavior, intentional or reckless, that by its nature would be interpreted by a reasonable person as intent to harm another person or damage to property. Threats may be oral, written, or communicated through gestures, conventional mail, electronic mail, texting, fax, telephone and may be direct or implied.

20. Violent behavior. Any behavior, intentional or reckless, which results in bodily harm to another person and/or damage to property.

Clery Definitions

Reporting of statistics under the Clery Act uses federal offenses definitions that allow comparability across campuses, regardless of the state in which the campus is located. These definitions are as follows:

Forcible Fondling The touching of the private body parts of another person for the purpose of sexual gratification, forcibly and/or against that person's will; or, not forcibly or against the person's will where the victim is incapable of giving consent because of his/her youth or because of his/her temporary or permanent mental or physical incapacity

Sex Offenses-Non-Forcible Unlawful, non-forcible sexual intercourse

Incest Non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

Statutory Rape Non-forcible sexual intercourse with a person who is under the statutory age of consent.

Policy Process

A. Reporting Acts of Sexual Violence

1. The College urges any individual who has experienced sexual violence or misconduct, or has knowledge about an incident of sexual violence or misconduct, to make an official report.
2. In order for the College to respond effectively to individuals who have experienced sexual violence or misconduct, SFCC staff and faculty who receive information about a person who has experienced sexual violence or misconduct must report the information to Vice President of Student Success/Title IX Coordinator within 24 hours, or as soon as reasonably practicable, by calling the office of the VPSS/Title IX Coordinator at (505) 428-1409.

B. Jurisdiction

1. The Office of the VPSS/Title IX Coordinator is not a law enforcement agency. As such, while it is charged with investigating allegations of sexual violence and misconduct as provided in this policy, the office of the VPSS/Title IX Coordinator and SFCC do not enforce criminal statutes. Enforcement of criminal statutes is the sole jurisdiction of law enforcement agencies. The information received from an individual will be reviewed and a determination will be made regarding how to proceed with the investigation.

C. Off-campus Conduct

1. Conduct that occurs off-campus can be the subject of a complaint or report and will be evaluated to determine whether it implicates this policy or the Student Code of Conduct Policy 2-1. If off-campus sexual violence has continuing effects that create a hostile environment on campus for an individual who has

experienced sexual violence or misconduct, the College will take interim measures to address the campus needs of the students involved.

D. Interim Measures

The VPSS/Title IX Coordinator or designee has the authority

1. to implement interim measures which stay in place until the end of any review or appeal process.
2. to impose a “no contact” order, which typically directs the complainant and respondent not to have contact with each other, either in-person or through electronic communication, pending the investigation and resolution of a complaint.
3. to arrange for changes in academic situations as needed.
4. to implement other interim measures before the final outcome of the investigation and afterwards as needed.

E. Protocol to Follow if Sexual Violence or Misconduct Happens to You

1. IF YOU ARE IN DANGER, DIAL 911 FOR ASSISTANCE.
2. If you are on the SFCC campus, you may contact Campus Safety and Security (428- 1224) for immediate assistance. If you are calling from off campus in Santa Fe, you may dial the Regional Dispatch Office (428-3720) and you will be connected with the Santa Fe City and/or County Police Department.
3. You may also want to call a trusted family member or a friend.
4. Seek medical attention. If you have serious injuries, seek emergency medical attention at a medical facility such as your doctor’s office, urgent care centers or the hospital. In the Santa Fe area, you can contact SANE (Sexual Assault Nurse Examiners) at (505) 989-5952 for information about receiving a sexual assault examination. You can also contact the Rape Crisis Center of Central New Mexico at (505) 266-7711 or (888) 881-8282. The Rape Crisis hotline is available 24 hours a day, 7 days a week, and 365 days a year. An advocate from Rape Crisis Center will accompany you to a sexual assault examination at the office of the Sexual Assault Nurse Examiners.
5. All those who have experienced a crime have the right to report a crime to police at any time, regardless of when it occurred. However, the sooner you file a report of a sexual assault, the better the chances that helpful evidence can be collected to support a criminal case, that you will be able to convey a clear account of what happened, and that police will be able to identify and speak with witnesses.

F. Investigation and Disciplinary Protocol

Investigation and Discipline
The VPSS/Title IX Coordinator reviews report to determine whether an investigation under this Policy 2-28 is appropriate and where to assign the investigation. This review and assignment process will usually occur within 1 to 3 business days of receipt of the report.
The assigned investigator(s) meets with reporting party (referred to as "Complainant," unless the report is submitted by a third party) and responding party (referred to as "Respondent") to determine scope of investigation and explain procedure. These initial meetings will usually occur within 1 to 5 days of being assigned the investigation.
The assigned investigator(s) gathers evidence from parties and analyzes the evidence to determine if it demonstrates that a violation of SFCC policy more likely than not occurred referred to as the "preponderance of the evidence" standard. The investigator will then issue an investigation report and recommendation to the VPSS/Title IX Coordinator. Depending on the complexity of the case, the investigator will issue the investigation report and recommendation within 45 days of being assigned the investigation. For good cause shown and with written notice to the Complainant and the Respondent, that time may be extended.
Within five business days of receiving the investigation report and recommendation, the VPSS/Title IX or their designee will issue the Results of the investigation and disciplinary proceeding. For purposes of this policy, Results means any initial, interim, and final decision and will include any sanctions imposed by the institution and the rationale for the result and sanctions. The Complainant and the Respondent will simultaneously receive, in writing, notification of the Result, the appeal procedures, any change in the Result, and when the Result becomes final. If the VPSS/Title IX finds, by a preponderance of the evidence that this Policy 2-28 was violated a Letter of Intent to Discipline will be issued to the Respondent.
Upon receipt of the Result, Complainant and Respondent have 5 working days to submit any new information that the VPSS or their designee has not considered or previously seen, and to request a pre-action hearing.
Following receipt of any new information and/or a pre-action hearing, the VPSS/Title IX Coordinator or their designee has five days to issue a Final Letter of Determination (FLOD), either upholding the Result and finding in the Letter of Intent to Discipline, if applicable, or altering it based on the new information submitted.
Either party has 5 working days following receipt of the FLOD to request an appeal through the Hearing Panel per policy 2-2 Student Corrective Action and Disciplinary Action.

1. A student who experiences an act of sexual violence or misconduct committed by a another SFCC student, staff or faculty member, or a visitor to the SFCC, has the option of filing a complaint with the VPSS/Title IX Coordinator or others as outlined in the Policy Statement above.
2. The investigation and disciplinary proceeding will be conducted by SFCC officials who do not have any conflict of interest or bias against the Complainant or the Respondent.
3. Investigators and other SFCC officials involved in investigations and disciplinary proceedings under this Policy 2-28 will receive annual training on the issues related to Dating Violence, Domestic Violence, Sexual Assault, and Stalking and on how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
4. An individual reporting to a non-confidential SFCC entity that he or she experienced sexual violence or misconduct ("Complainant") may request that his or her name not be revealed to the alleged perpetrator ("Respondent"). He or she may ask the VPSS/Title IX Coordinator or their designee not to investigate the allegations of sexual violence. If this request is made, the Complainant will be informed that honoring the request may limit SFCC's ability to fully process the allegations, including pursuing disciplinary action against the Respondent. SFCC's prohibition against retaliation will also be explained to the Complainant. If the Complainant still insists that his or her name not be disclosed to the Respondent, or he/she continues to ask SFCC not to investigate the allegations, the VPSS/Title IX Coordinator will determine whether SFCC can honor the request while still providing a safe and nondiscriminatory working and learning environment for the Complainant and others. The VPSS/Title IX Coordinator will strive to abide by the Complainant's request. However, the VPSS/Title IX Coordinator reserves the right to determine that it is essential to disclose the Complainant's identity and/or to investigate the allegations despite the Complainant's request not to in order for SFCC to fulfill its obligations under Title IX. In such cases, the VPSS/Title IX Coordinator will inform the

- Complainant prior to starting an investigation and will share information only with SFCC officials who are responsible for processing the allegations in the complaint and therefore need to know that information.
5. In all cases, regardless of a Complainant's request for anonymity, the federal Clery Act requires that disclosure of crimes of sexual violence or misconduct domestic violence and stalking will be reported in SFCC's required Clery Act Crime Statistics report. This data is aggregate data and does not include identifying information.
 6. If the victim files a complaint with the VPSS/Title IX Coordinator or designee and authorizes an investigation of the allegations made, the VPSS/Title IX Coordinator or designee will first make an assessment of whether it should be investigated under this policy or another SFCC policy. If the VPSS/Title IX Coordinator or designee determines that the allegations should be investigated under another SFCC Policy, those issues will be referred to the appropriate body, if any.
 7. The investigation and disciplinary proceeding under this policy will be conducted in a prompt, fair, and impartial manner from receipt of the initial report to the final result. The Complainant and Respondent will receive timely notice of all meetings at which the Complainant, Respondent, or both, may be present. The disciplinary proceeding will provide timely and equal access to the Complainant, the Respondent, and the appropriate SFCC officials to any information that will be used during informal and formal disciplinary meetings and hearings.
 8. As part of that investigation, the investigator will make reasonable attempts to contact the respondent to notify him or her of the allegations made, his or her right to respond to the allegations made, and present information he or she deems relevant to the matter, and the VPSS's investigation procedure. If the VPSS/Title IX Coordinator or their designee is unable to contact the respondent or if the Respondent elects not to provide a response to the allegations made or information pertinent to the matter, the VPSS/Title IX Coordinator or their designee will make a determination based on the available information.
 9. Once a complaint is filed, both the Complainant and Respondent have equal rights to present evidence to the investigator during its investigation. Once its investigation is complete, the VPSS/Title IX Coordinator uses a preponderance of the evidence standard to evaluate the evidence and determine whether an act of sexual violence or misconduct occurred. The preponderance of the evidence standard means that, on evaluation of all of the evidence, it is more likely than not that the alleged act of sexual violence or misconduct occurred.
 10. The evidence that is gathered during its investigation will be maintained by the VPSS/ Title IX Coordinator and kept confidential to the extent authorized by law and policy.
 11. Should a Complainant or Respondent appeal the determination or any sanctions issued by the VPSS/Title IX Coordinator, the VPSS/Title IX Coordinator may be required to release evidence upon which its determination is based to the appealing party or the entity to which the appeal is made or both.
 12. Any incident reported resulting in an investigation reported to SFCC will be documented. All documentation will be retained by the VPSS. In accordance with the provisions of the Victim Counselor Confidentiality Act, N.M. STAT. §31-25-2 (A), any information exchanged between a victim and a victim counselor in private, disclosed in the course of the counselor's treatment of the victim for any emotional or psychological condition resulting from a sexual assault will be kept confidential. The identity of the individual reporting the incident along with the individual responsible for the incident may become apparent, or disclosed, as a result of the actions taken to resolve the investigation.
 13. If, after investigation, it is determined that it is more likely than not that a student or visitor committed an act of sexual violence or misconduct through a determination of preponderance of evidence, the SAO in collaboration with the VPSS/Title IX Coordinator will decide on the sanction to be imposed on the offender.
 14. If the VPSS/Title IX Coordinator or designee makes a determination of preponderance of evidence that a staff or faculty member committed an act of sexual violence or misconduct in violation of SFCC policy, the VPSS/Title IX Coordinator will refer the matter to the OHR and that individual's direct supervisor to take appropriate action, including taking disciplinary action. Misconduct by faculty and staff and the imposition of disciplinary action is handled pursuant to Policy 4-2 Employee Corrective Action and Disciplinary Action. Appeals are addressed in Policy 4-2.

15. The VPSS/Title IX Coordinator does not make any determinations regarding whether a respondent has committed an act of sexual violence or misconduct in violation of criminal statute. Rather, such determinations are the sole jurisdiction of state and federal police and prosecutorial agencies.
16. In any disciplinary meeting or proceeding held by the SAO, both the Complainant and the Respondent are allowed to bring one advisor. An advisor means any individual who provides the Complainant or the Respondent support, guidance, or advice, including an attorney. However, an advisor is not authorized to speak on behalf of the individual they are advising. Rather, the Complainant and Respondent must present their own case during the proceeding, and advisors' participation is limited to advising the person they are advising. In addition, both the Complainant and Respondent will be notified in writing of the decision on sanctions to the extent permitted by the federal Family Educational Rights and Privacy Act (FERPA), and both parties have the right to appeal the sanctions decision. More information about the disciplinary process can be found in Policy 2-2 Student Corrective Action and Disciplinary Action Procedure.
17. Individuals who have experienced sexual violence or misconduct are encouraged to report the crime to the appropriate law enforcement authority. The SAO is available to meet with a student to discuss and help implement interim measures, including academic adjustments, issuance of protective, restraining, or "no contact" orders and other measures as needed. Interim measures may also be provided for staff or faculty who experience sexual violence or misconduct, as directed by the appropriate supervisory authority.

G. Policy Violation

1. Under the SFCC Student Code of Conduct, a student who commits a violation of this Code, including an act of sexual violence or misconduct, is subject to the following possible sanctions:
 - i. Verbal warning;
 - ii. Written warning;
 - iii. No contact order;
 - iv. Counseling;
 - v. Loss of privileges;
 - vi. Limited access to campus;
 - vii. Online education;
 - viii. Alcohol and drug assessment and counseling;
 - ix. Probation;
 - x. Suspension;
 - xi. Expulsion.

H. Retaliation is Prohibited

2. It is a violation of Title IX and SFCC policy to retaliate against any person who makes a complaint of sexual violence or misconduct or testifies, assists, or participates in an investigation or proceeding regarding an allegation of sexual violence or misconduct.
3. Concerns that a student, staff, or faculty member has threatened to retaliate or has retaliated against another student, staff, or faculty member should be reported promptly to the VPSS/Title IX Coordinator or designee.
4. A staff, faculty member, or student who retaliates against a person who makes a complaint of sexual violence or misconduct, testifies, assists, or participates in an investigation or proceeding regarding an allegation of sexual violence or misconduct, or seeks assistance from the VPSS/Title IX Coordinator or designee, may be subject to disciplinary action, including dismissal or expulsion.

Statement of Accountability and Responsibility

The President, through the VPSS, shall be responsible for enforcing student procedures and policies. The VPSS, as the Title IX Coordinator, is responsible for this policy in regards to thoroughly investigating and deciding jurisdiction in all sexual misconduct cases. SFCC does not maintain a college police force. Security and enforcement matters are left to officers of the appropriate law enforcement agencies. If you witness a situation where someone is at risk or believe that a law is being broken, first contact the police (911) and then contact security at 505-428-1224.

- SFCC's Lost and Found is located in the Campus Safety and Security Office in Room 101. Students can find lost articles that have been turned in. Items including phones, credit cards, wallets, jackets, assignments, and flash drives have been turned into Campus Security in the past. Please help others by being aware of abandoned articles and turning them into Campus Safety.

- If you have personal knowledge or have heard of any crime that has occurred on or off SFCC property, but would like to remain anonymous, please report the crime by filling out the Silent Witness Report Form on JACK. Enter “silent witness” in the JACK search box to locate the form.
- Call Campus Safety and Security for urgent situations that are not life threatening. While safety officers cannot administer medical assistance, Campus Safety in Room 101 can provide some privacy until medical assistance is available. When reporting an emergency, inform the official if the situation is not life threatening.
- Campus Safety and Security officers regularly patrol campus to observe, report and assist with matters related to your welfare. As in any public space, students and visitors are encouraged to be alert and attentive while in the campus parking lots.
- Security officers can escort students to the parking lot or to other areas on campus. To request an escort, contact the Campus Safety and Security Office at extension 1224.

Emergency Phone Towers

Seven emergency phone towers are located on campus. When activated, these towers will connect you directly to Campus Safety and Security. Stay at the tower and Campus Safety Officers will talk with you directly and dispatch emergency personnel to the scene.

- Kids Campus – Two emergency phone towers in front of the building
- Fitness Education Center – Two emergency phone towers in the parking lot
- Main Facility – One emergency phone tower on the walkway by the library; one emergency phone tower in the West Wing parking lot; one emergency phone tower in front of the main entrance.

Life-Threatening Accidents and Emergencies

- Dial 9-911 on a campus-system phone or immediately activate an emergency phone in cases such as unconsciousness, heart attack, severe bleeding, severe shock, head injuries, emergency childbirth, severe fractures, drowning and other emergency situations.
- After the appropriate emergency authority has been notified, call Campus Safety Officers to inform them of the situation.

Be in the Know about Snow, Delays, and Closures

Notifications about campus closures, delays, and emergencies primarily are made through the college’s automated alert system, SFCC Alert.

- If you are registered in credit classes, or you are a faculty or staff member, you are already enrolled in the system. In the event of a weather delay or closure, an email will be sent to your SFCC address. You may also choose to receive a text message by manually setting your preferences at www.sfcc.edu/sfcc_alert.
- Continuing Education and Adult Education students and instructors and members of the local community are not automatically enrolled. To enroll in SFCC Alert and receive weather and emergency notifications, go to .getrave.com/login/sfcc and click on the “Register” button.

Regardless of whether you are automatically enrolled, and regardless of whether you have set your preferences in the past, you can always customize your notification methods again. Visit www.sfcc.edu/sfcc_alert, sign in with your SFCC email address, and make your selection.

When a snow delay or closure occurs, SFCC makes every effort to get a notification out by 6 a.m. or as soon as possible, depending on the timing of the weather circumstances.

If the Santa Fe public schools are delayed or closed, this is often, but not always, an indicator that SFCC will also be delayed or closed.

In addition to SFCC Alert, you can find out about an SFCC delay or closure through the following methods, which are listed in order of reliability:

- Visit www.sfcc.edu and see a notification on the homepage

- Call the special WeatherWatch Hotline at 505-428-1716 directly, or get to it through the college's main number at 505-428-1000
- Check the SFCC Facebook page and Twitter
- Check your SFCC email account
- Listen/watch the local news (radio, TV, newspapers online)

It is a good idea to check several sources, because occasionally texts and emails are delayed, depending on individual plans or technological issues.

Bottom line: you make the final decision on whether or not to travel in inclement weather. Be cautious on the road and always use your best judgement.

Facility Emergencies

- Dial 9-911 on a campus-system phone or activate an emergency phone for situations such as fire, bomb threats, or uncontained chemical spills.
- After you have informed the appropriate emergency authority, call Campus Safety Officers at 505-428-1224 to advise them of the situation. The college procedure for evacuation of buildings will immediately be set in motion.

Other Medical Emergencies

For urgent situations that are not emergencies (e.g. sprains, cuts, contusions, fatigue), call Campus Safety at 505-428-1224. Campus Safety will also dispense Band-Aids to individuals who request them.

Smoking Policy

No smoking or vaporizing is allowed inside any college building. Smoking is only allowed outside in the designated smoking areas. This includes e-cigarettes and similar devices of any kind. See Policy 2-1.

SFCC is a Drug and Alcohol Free Campus

SFCC is committed to providing an environment that supports the educational pursuits of its students and promotes the good health and welfare of the college community as a whole. Abuse of alcohol and drugs impair work and academic performance, poses a threat to the health and safety of the SFCC community and undermines the learning environment. SFCC is committed to maintaining a drug free campus as well as helping students and staff solve drug and alcohol-related problems. SFCC prohibits the possession, use, dispensing, distribution, and manufacture of any illegal substance both on campus and at any college-hosted function held off campus property.

Illegal Drugs and Alcohol

- A. The *Student Code of Conduct* covers all property and facilities owned, used, leased or controlled by SFCC and any other site where SFCC business is being conducted, including motor vehicles.
- B. Controlled substances are defined in Schedules I through V of the Controlled Substances Act, 21 U.S.C. 812 and implementing regulations, 211 CFR 1308.11-08.15. Controlled substances include but are not limited to, marijuana hashish, cocaine (including crack), amphetamines, heroin, PCP, hallucinogens, anabolic steroids, certain prescription, and certain controlled substance analogs. Possession, use, sale, or trafficking of controlled substances and glues is prohibited and punishable as a crime.
- C. Illegal uses of alcohol include, but are not limited to, serving, buying, or drinking alcohol by a minor; assisting a minor or an intoxicated person to get alcohol; selling alcohol without a license and driving while under the influence. Possession of alcohol is prohibited on all SFCC properties and in SFCC vehicles. (The President may make an exception to allow alcohol at a college social function by granting prior written consent. All laws relating to the sale, purchase and distribution of alcohol must be observed, including age limits).
- D. This *Code of Conduct* is not intended to supersede or negate any existing policies on substance abuse, student or employee discipline or any additional requirements imposed on its students, instructors or staff by federal or state law.
- E. The unlawful manufacture, distribution, dispensing, possession or use of controlled substances or alcohol on SFCC property or as part of any of its activities by any member of the SFCC community is strictly prohibited.
- F. As a condition of continued registration and enrollment, all students shall abide by the *Code of Conduct*. Violation of this policy shall result in disciplinary action, up to and including expulsion.
- G. SFCC's response to any violation of this policy may include, as a total or partial alternative to disciplinary action, a requirement that the student participate satisfactorily in an approved substance-abuse treatment or rehabilitation program as a condition of continued employment or registration/enrollment.

Legal Sanctions and Health Risks

- A. Penalties for even the most minor violation of the New Mexico Liquor Control Act can include fines up to \$300, confiscation of property and imprisonment for up to seven months. More serious violations carry greater penalties, with larger fines and longer imprisonment.
- B. Penalties for illegal drug use can include significant fines and imprisonment. Penalties for illegal sale of drugs are greater and may include property confiscation. Alternative penalties for illegal drug and alcohol use may include mandatory community service. Violation of laws by a foreign national may result in deportation.
- C. Driving or using machinery after drinking or using drugs creates the risk of injury or even death for the user and others. Penalties include criminal charges, up to and including homicide, monetary fines, as well as the loss of the driver's license and impoundment of the vehicle. The minimum blood alcohol levels at which drivers' licenses are revoked in New Mexico are .02% for those under 21 and .08% for those 21 and over. All drivers in New Mexico are presumed to be intoxicated at the .08% level.
- D. In drug-related cases, a court may permanently suspend eligibility for federal benefits, including student financial aid. A criminal record can seriously hurt education and career opportunities.

Health Risks Associated with Use of Illicit Drugs and the Abuse of Alcohol

- A. Excessive alcohol consumption and abuse of illicit drugs can lead to certain types of cancer, pathological changes in the liver, brain, heart, and muscle which can lead to disability and death, as well as addiction, birth defects, shortened life span, stomach ulcers, phlebitis, varicose veins and other health problems.
- B. Alcohol is significantly involved in all types of accidents: motor vehicle, home, industrial and recreational. Alcohol and drugs are also factors in homicide assaults, rapes, suicides and family and date violence.
- C. Unintended pregnancies and sexually transmitted diseases are often associated with alcohol and other drug abuse. Intravenous (IV) drug use is a high-risk factor for AIDS, which is a serious and often fatal disease.
- D. Substance abuse negatively impacts on personal, work and academic relationships.

For more information on the possible effects and health risks associated with the use of illicit drugs and alcohol, contact one of the Counselors on staff at SFCC.

EnergySmart Academy Policies:

Accessing Online Courses

Online and blended courses require access to a computer, tablet or smart phone that can access the internet. You can use any internet browser. The courses heavily rely upon videos, so you will need sufficient bandwidth to watch videos online. You will also need a camera or smart phone that can take digital photos and video that can be uploaded to the internet or emailed to your instructor.

Courses use the Canvas Learning Management System by Instructure. Once you have provided us with your email address, you will receive an email from Instructure that provides you access to the course. You will need to create a password. Please write it down somewhere so you don't forget it.

Once you access the course, you will see a video on the Home Page that walks you through the steps of using the online course. Please watch it carefully. If you require any assistive technologies, please contact your instructor. In the future you can get to Canvas at <https://sfcc.instructure.com>.

Please be aware, most online courses have scheduled webinars. Attendance of said webinars is important to preparation for classroom instruction and every effort should be made to participate. In addition, it is your responsibility to manage your time and complete assignments before attending classroom instruction. Assignments are designed to prepare you for certification and should not be taken lightly.

In the event of scheduled online maintenance or outages, you will receive email notification at least one week in advance so that you can plan accordingly. In the rare event of unforeseen outages, email notification is sent out as soon as possible to alert students and instructors will adjust deadlines to accommodate any outage exceeding a 24 hour period.

Accommodations

For students with special needs or those who require accommodations, please alert your instructor either before class has begun or, at the latest, on the first day of class. Extra time for written exams, assistance reading exam questions, translation into an alternate language, unencumbered access to appliances and test sites, larger text handouts and presentations, etc can be arranged ahead of time with prior notification. It is a goal of the EnergySmart Academy to accommodate every learner. We will not ask private questions or violate your confidentiality, but please allow us time to meet your needs. If you prefer, you may contact the SFCC Student Accessibility Services directly at 505-428-1711, or in the West Wing, Lower Level Room LL311.

Safety in the Classroom

ESA instructors are expected to introduce students to ESA equipment safety procedures and SFCC on-campus health and safety procedures. Based upon these expectations, instructors will foster a safe work/training environment. In order to facilitate a safe environment, instructors may:

- 1) Postpone or discontinue training activities that involve an identified unsafe condition until the unsafe condition can be remedied.
- 2) Remove a student from a task, or class, for repeated violations of safe work practices. All related coursework may be marked zero or null.

Whenever an instructor utilizes either of these options, details regarding the unsafe condition, remedy (or proposed remedy), and other pertinent data will be included in the ESA Instructor's Report.

In the event that an unsafe condition occurs, or is likely to occur, relating to any piece of training equipment, details about the cause (maintenance or other) will be included in the ESA Instructor's Report. Upon notification of an unsafe condition relating to equipment, the Program Director will schedule and document appropriate repairs or maintenance.

In the event that an injury occurs during a training session, the SFCC Safety Officer will be notified immediately and SFCC policy will be followed. In an emergency, SFCC Emergency Procedures will be followed (see below). Additionally, details regarding the incident will be recorded and submitted to the Program Director within 24 hours. The Program Director will verify all information regarding the incident and coordinate any necessary actions with the SFCC Safety Officer. If the Program Director is not immediately available, then a designee, other than the instructor(s) of that class, may be assigned the above responsibilities.

Use of Electronic Devices

The ESA provides professional development training for adults who have families and often already are employed in the field. Our instructors understand the need to keep a cellular phone handy and turned on during class. Reasonable use of electronics will be permitted throughout classroom instruction, with ringers turned down to minimize distraction. During exams and task assessments, however, it is required that all electronic devices be turned off and stowed where they cannot be a distraction to other students. Similarly, if a student is regularly engaging in recreational use of their electronic or in a prolonged text conversation, said student may be asked to remove the electronic device from the classroom or to step outside until the conversation is complete. It is the responsibility of the student to keep up with material covered in class.

Exams and Assessments

With the exception of prescribed courses, such as OSHA 10-hour and Lead RRP, most ESA courses culminate in a written exam and a task assessment. For additional information on certification thresholds, as well as testing protocol, carefully read the syllabus provided at the end of this packet. Written exams can be either paper or on a computer. Task assessments can use a rubric for scoring or a checklist field guide, and can be on-site at the school or at a private home in Santa Fe. In addition, exams and task assessments may need to be video-taped. Please make sure you are aware of testing protocol and expectations before the day of your evaluation.

Course Surveys and Evaluations

The Program Director reviews all evaluations from students, faculty and instructors. Survey responses are used to improve courses and to gauge interest in additional course offerings. Confidentiality of survey responses are maintained in accordance with the ESA/SFCC Confidentiality Policy. In addition, course

evaluations may be used for marketing, grant-writing, and auditing purposes, with the signed approval of the student.

In addition, ESA welcomes outside participation in our curriculum development process. If you are interested in reviewing our curriculum, please contact amanda.hatherly@sfcc.edu.

Certification and Maintenance

ESA courses are designed to align with industry certifications and standards, including those set forth by IREC and Building Performance Institute (BPI). For the Energy Auditor, Retrofit Installer Technician, Crew Leader, and Quality Control Inspector courses, the culmination of coursework involves a certificate of completion from SFCC and the proctored challenging of their equivalent BPI exams. Students are encouraged share their SFCC certificate of completion with employers and contractors to verify that instruction has been received.

Most certifications have an expiration date of 3 years, but can be maintained by completing related training either at a conference, through a webinar, or as Continuing Education Units (CEUs). For BPI, BOC, and EPA certifications, evidence of CEUs and recertification is maintained through the certifying organization itself. To contact these organizations, see the contacts listed below. OSHA 10- and 30-hour cards do not expire.

The Multi-Family Quality Control Inspector (MFQCI) course does not, at this time, have a corresponding national certification. As a result, the development of this course has been focused on creating an examination and certification on par with national industry standards. Proctored written exams are video recorded, as is the field skill demonstration, and a percentage of both are reviewed for quality assurance. Certification is awarded and maintained by ESA.

Similar to other certifications, MFQCI expires after three years. Certification can be maintained by completing 12 hours of related continuing education training. Conferences, seminars, lectures, online trainings, classes, webinars, etc can all be submitted for approval as continuing education as long as content is related to multifamily, housing and institutional health and safety, or occupational health and safety. You may not submit the same course more than one time. Evidence of training will be verified by EnergySmart Academy staff before being credited toward the recertification requirement. A recertification submission form can be found in this packet. Please note, this is for Multifamily QCI only. Again, other certifications must be maintained by their certifying organization. See Additional Contact Information below for other certifying organizations related to trainings provided by ESA.
